EDITORIAL NOTES.

Are we getting wireless impo om some other world?

The Board of Trade membership campaign should have the support of the citizens. A live and influential board is of some value to a city.

We are inclined to the belief that, no matter what happens, the depen-dents of soldiers insured by the city should get the whole insurance that was granted when the insured dies.

The Liberals should encourage the Women's Liberal Club by being present at the meeting in the Y. W. C. A. to-morrow evening to hear the address of Mr. Markham, of Toronto.

Tr. Roberts is doing everything that can be done to prepare for the flu should it strike Hamilton. It will be well if the citizens would give him every support in this needed work.
